

# PS2300 POWER STROKE HONES

## FEATURES

- Handles automotive V6, V8, and inline blocks up to 34" long.
- Air/Oil stroke mechanism ensures smooth operation and consistent crosshatch.
- Ampmeter allows operator to maintain straight round cylinders without stopping to gauge.
- Stroke speed control knob adjusts stroke speed for any crosshatch angle.
- Convenient dwell button on front control panel allows operator to dwell hone head anywhere in cylinder.
- Exterior cradle clamp handles make it easy to roll automotive V8 blocks from bank to bank.
